- B. Program Resources and Activities

Introduction/Purpose of the Study

Thank you for agreeing to participate in this interview today.

My name is _____ and I'm a researcher from _____. I'm here today because the Administration for Community Living/Administration on Aging (ACL/AoA) has contracted with NORC at the University of Chicago (NORC) to conduct a national evaluation of the Long-Term Care Ombudsman Program (LTCOP). The aim of the evaluation is to study the LTCOP's partnerships and outcomes for residents.

As part of this evaluation, we are conducting interviews with the program's national stakeholders that will cover topics including the LTCOP's strategic partnerships, program resources and activities, and program quality assurance activities. These interviews will provide important information on the implementation of the LTCOP and enable ACL/AoA to better understand how the program's outcomes at the state and local levels. We will use what we learn from these interviews to provide ACL/AoA with practical and policy-relevant insight into LTCOP services and processes.

Informed Consent Statement [*Interviewer must read this.*]

Before beginning the interview, I (we) want to thank you for agreeing to participate in this study and emphasize that your participation is voluntary. You may refuse to respond to any question that you do not wish to answer. The interview should take about **30 minutes** and is not part of an audit or a compliance review. We are interested in learning about your ideas, experiences, and opinions about the LTCOP's implementation and outcomes.

In addition, I want to let you know that although we will take notes during this interview, information is never repeated with the name of the respondent in any reports or in any discussions with supervisors, colleagues, or ACL/AoA. When we write the report and discuss our findings, information from all the people we speak with is compiled and presented so that no individual can be identified.

To help me accurately report on the information you share, it would be helpful if I could tape record this interview. I can also turn off the recorder at any point if you want me to. I do not have the recorder on now; is it okay with you for me to turn it on?

Do you have any questions before we begin?

Do I have your permission to begin the interview?

A. STRATEGIC RELATIONSHIPS

We'd like to begin by asking a few questions about you and your organization's relationship to the Long-Term Care Ombudsman Program (LTCOP).
